QUAKER GRACE.
Such as Were Asked One Hundred Years Ago.

The following expression of Quaker grace was noted down by Dan C. McNeill, of Hardy county, then Virginia, on a visit to Baltimore, June 18, 1789. It is supposed that he was stopping with some Quakers, and that they repeated the blessings to him as he recorded them. Mr. McNeill was the grandfather of E. W. McNeill, of this city, through whose courtesy we have the copy of the Quaker grace. The spelling, capitalization, etc., are copied from the original. Here is the grace:

THE QUAKER'S GRACE
Good God bless, we beseech Thee, the churches that are beyond the seas; root out of them all Anti-Christian Tyranny of most abominable Bishops; let not those silkworms and magpies have dominion over us, but give us the primitive pastors, Lay-Elders, Reverend Tanners, Conscientious millers, and more Conscientious Taylors, Reformers weavers and Inspired Broom Men. Root out of us, Thy Church, that rag of Superstition, surplice, and let not a cap be seen among us with an Idolatrous tuff upon it; the apostles were men-ignorant and simple, and so are we. Demolish the Universities for they are nurseries of vain learning; Greek is a heathen speech, and Latin the language of the Beast, and all philosophy is vain. Bless we beseech Thee, thy Family, and especially our systems, that there may never be wanting fruitful generations, springing from the joints of regenerate parents. Lastly, we come unto thee for a blessing on our dinner; bless this Tripe and this loin of veal, for it was a Molten calf made Israel to sin; this Capon, 'twas a Cock Crowing made Peter repent; this Turkey, although no Christian fowl, yet thou hast commanded us to pray for all Jews, turks, infidels and heretics, and, although we have hebrew-Root Enough, yet bless these potatoes; and this Custard, for the land of Canaan flowed with milk and honey, these tartes, for thy judgements are tart unless alloyed with the sugar of thy mercy, that we may be triped fit for thy heavenly table. Water us young shrubs with the dew of thy blessing that we may grow up into tall oaks, and may live to be saw'd out into cedar boards, to waicstot thy new Jerusalem. Finally let this dinner improve and nourish our bodies, so that we may, with love and holiness, embrace our sisters, to the edifying of the spirit in raising up the new Man.—Morgan-town News.

Following up the same line of reasoning, Why Not take your watch to the BEST Watchmaker in town which it needs attention, The proof of the pudding is in the eating of it, and the best proof that is the BEST WATCHMAKER IN MARLINTON, is that his work gives satisfaction, does not come back with complaints, but inspires you with confidence in your timepiece He solicits your work.

Spruce, Camp No. 7.

The snow is from three to five feet deep, on the north side is deeper than on the sunny southern sides. This is a wilderness of a place now as the snow is so deep, one day it snows and possibly the next is sunshine. It often threatens rain but cannot rain seemingly. We haven't had any real cold weather here this winter, the coldest it has been was about 20 degrees below. The little spruce trees just bending down crowded with snow, making it very disagreeable for men to go through.

John Hardy is our enterprising foreman he has under his employment seventy men, Edward Smith is our cook; Shorty Allman is one of his cookees; David Smith is buck swamper with his gang; Wild Bill Smith is blacksmithing; Johnny Eagan is barn boss and Lobby Hog and a fine one too, his work is keeping the barn in good shape for the teamsters and if a horse gets knocked out he looks after him, the Lobby work is keeping fire, cleaning up after the crew turns out, fills the water barrel for the men to wash, he gets wood for the cook stove, we burn coal in the Lobby Stove.

We have a beautiful habitation here, our surroundings is shining snow. The trains just looks as if they are going through a cut all the way as the employees have shoveled the snow out on either side so often.

We are glad to have a post office so near our habitation. We have a beautiful little town on the river now; the postoffice is still called Spruce. There are several dwelling houses, a big store, a large mill has been built for peeling pulp, cutting it in short blocks They have fine machinery in it and are contemplating adding more to it. Any one who never saw such things it is worth their while to see it run.

This would be an ideal summer resort as the air is pure and cool. The Spruce Company has at work four engines, 3 steam loaders and loads at various places with hooks. They are doing a big business and are a big help to the people in old Pocahontas as they pay fair wages for labor.

All we need is a church at our town as it would be nice to pass off the Sabbath days in attending religious worship.

I think our County Court ought to look after the liquor traffic more than they do, as the hogs ears are still in operation. If our Court has power to stop them from selling I think they should do so or grant license to some good man and let the county have the benefit it.

Announcement.
We desire to announce to the public generally that we are in better position now than ever to sell your farms or timber.
Call and see us in The First National Bank Building, Marlinton, W. Va. TRESSEL & Co.
